### **SUBJECT: FLOUTING OF COVID-19 CONTAINMENT MEASURES**

Since the outbreak of COVID-19 the University adopted a strategy of phased reopening to enable students complete the 2019/2020 academic year. We are happy that majority of students cooperated in observing the COVID-19 containment measures ensuring that we kept each other safe. Congratulations to all of you!

On the other hand, there are isolated cases worth pointing out for a collective corrective action to ensure a more safer 2020/2021 academic year that will commence on **26<sup>th</sup> March 2021**. Our officers on the prowl documented cases of students who demonstrated outright disregard to the COVID-19 guidelines. The students are the first to go into our list of shame with regard to flouting the COVID-19 rules. We will keep their details for possible disciplinary action if they repeat the offence.

Let me remind you that it is a violation of University regulations to flout the COVID-19 protocols under section **3c (viii) bulleted point eighteen (18)** of the Rules and Regulations Governing the Conduct and Discipline of Students.

The COVID-19 guidelines are derived from various legislation including the Public Health Act (PHA) Cap 242 Laws of Kenya, the Health Act No. 21 of 2017 and the Public Order Act Cap 50. You are required to observe the preventive measure of wearing a face mask while in a public place to avoid breaking the Public Health Act and consequently section 3c (viii) of our regulations. Now you know.

Attached are the list of students' details for your collective counseling. They are warned against infringing on our regulations for a safer and a better University that we all strive for.

Kindly observe the COVID-19 containment measures while on the short break from the University. And when you report back, keep everybody safe by observing the University rules including the one explained above.
