SUBJECT: STUDENTS PORTAL AND E-LEARNING SYSTEM

This is to notify you that the University has two systems accessible by students.

The first one is the students portal that can be accessed by students who have paid fees using the url portal.mmarau.ac.ke. Students who are accessing the portal for the first time will click on the link 'create an account' after which they are directed to a page requesting them to enter their admission number and password twice. A link is then sent to the students University email for activating the account. The student will subsequently have access to the portal using the credentials they supplied. The portal will provide details such as fees, exam results etc.

The second system is the e-learning system which is for academic work. The procedure for accessing the system is similar to the portal and in both cases always use the university email address.

Kindly call or email icthelpdesk@mmarau.ac.ke in case of any challenges and avoid reaching University Staff through their personal numbers.
