DATE: 23rd March, 2023

TO: ALL STUDENTS

REF:MMU/AA037/105/2015/VOL.1 (65)

RE: STUDENT HEALTH CARE

Following a communication from the University Senior Medical Officer, It has come to our attention that student's by-pass University Clinic and seek medical services at other medical facilities.

This is therefore to request all students to adhere to the following:-

- i) Students primary facility of choice should be the University Clinic
- ii) The second facility of choice is the Narok County Referral Hospital
- iii) Other facilities of choice should be done in consultation with their parents/guardians

Note:

- i) **The University Ambulance is available for transfer of patient students from one Facility to another if need arises and students should avoid use of motorcycles**

The purpose of this memo is to request all the students to follow the above laid procedures at all times.

Thank you.

M. A. Adan
