FROM: Registrar, Academic Affairs

DATE: 22nd March 2024

TO: All Students on Session

REF: MMU/AA031/006/2024/VOL.7/48

SUBJECT: THE ACADEMIC CALENDAR 2023/2024

Following resumption of learning on **18th March 2024**, this is to remind all students that according to the approved Academic Calendar, end-of-Semester II examinations are scheduled to take place between **15th – 26th April 2024**. All students are therefore urged to utilize their study time well and be flexible and ready to attend remedial classes whenever called upon by their lecturers.

We would also like to remind all first-year students who applied for government funding and were not satisfied by the outcome of their applications, that they are allowed to appeal to Higher Education Fund (HEF) for reconsideration. But they must supply additional documents to support their appeal. **No first-year student should discontinue their studies on account of lack of fees without adequate consultations with the Academic division.**

On behalf of the University Senate, we wish you all a fruitful study period.

Dr. Otieno Fredrick Onyango
